

# Advanced Search Engine Optimisation

Learn Advanced, Practitioner-level SEO  
Strategies as Executed by Industry Experts

# Course Description

This 2-day Advanced SEO course dives deep into expert-level SEO techniques that experienced practitioners apply on a day-to-day basis.

Participants will be required to demonstrate fundamental knowledge of how search engines work or have completed the WSQ Search Engine Optimisation course before signing up for this advanced course.

Each phase of the 4-step SEO process (Keyword Research, On-Page SEO, Off-Page SEO, SEO Analytics) covered in the fundamental WSQ Search Engine Optimisation Course will be reinforced and covered in more detail in this advanced course.

Set in a real world setting with live case studies shared by participants, successful and unsuccessful case studies shared by a subject matter expert, and in-class sessions of practical implementation of SEO strategies, participants will take away practitioner-level SEO skills and confidence by the end of the course.
