Course Description

This 12-day (96-hour) Certified Digital Marketing Strategist programme spans between 1.5 to 3 months covering 6 core modules in the following sequence:

1. [Digital Marketing Strategy \(DMS\)](#)
2. [Content Marketing \(CM\)](#)
3. [Search Engine Optimisation \(SEO\)](#)
4. [Digital Advertising \(DA\)](#)
5. [Social Media Marketing \(SMM\)](#)
6. [Digital & Web Analytics \(DWA\)](#)

Contextualised to the marketing scene in Singapore and Southeast Asia (Malaysia, Philippines, Indonesia, India), you will gain a comprehensive overview of multiple digital channels across search, social, display advertising, and popular platforms such as Google Analytics, Facebook, and Instagram.

Most importantly, you will learn how to develop and implement digital marketing strategies and action plans across owned, earned, and paid media to achieve business objectives in both B2B and B2C contexts.

Completing all 6 modules within the CDMS program will equip you with the essential skills and knowledge to be a savvy digital marketer in the industry. There will be a summative assessment at the end of the program to certify that you are able to develop a holistic digital marketing project plan.

Course Objectives

Specific learning outcomes at the end of this programme:

FAQ

Is there a timeframe to complete all 6 modules in order to attain the full qualification?

There is no timeframe or time limit. However, the recommended timeframe to complete all 6 modules is within 6 months to a year, and the average time to complete it is 1.5 months to 3 months.

What if I have taken only one module separately 2 years ago?

If you have taken the Search Engine Optimisation course 2 years ago for example, you may take the other 5 core modules individually:

1. Digital Marketing Strategy
2. Content Marketing
3. Digital Advertising
4. Social Media Marketing
5. Digital & Web Analytics

Upon completing the 5 remaining modules and a summative assessment (Develop Holistic Digital Marketing Project Plan), you will be awarded with the Certified Digital Marketing Strategist qualification.

How is this programme different from other digital marketing courses in the market?

Unlike other certification courses that require months of commitment to complete all modules in a fixed sequence, this programme consists of 6 individual modules that you can take up at your own pace. There isn't any fixed sequence, as each module is holistic on its own. However, the recommended sequence is:

1. Digital Marketing Strategy
2. Content Marketing
3. Search Engine Optimisation
4. Digital Advertising
5. Social Media Marketing
6. Digital & Web Analytics

At the end of the programme, you will develop a holistic digital marketing project plan as a summative assessment.

What courses should I progress to after this course?

You may take [elective modules](#) should you wish to dive deeper into specific platforms and digital marketing disciplines.

Can't I learn everything online?

No doubt there are tons of free information online – free tutorials, guides, and online courses that you can gain useful knowledge from. However, the intangible benefits of attending face to face training include real time consultation with an industry expert, peer to peer learning and interaction, and hands-on practical learning sessions. This will enable you to take away actionable strategies you can implement right after the training.

If I have specific questions relating to my digital marketing campaigns, can I consult the trainer?

Yes. You may consult the trainer during class and after class. Signing up for this course gains you access to [post-training support](#).

Do I have to prepare anything before attending the course?

Course materials, a Windows laptop, and WIFI connection will be provided. You may wish to bring a notebook to take notes and a jacket as the room may be cold.

Are there any funding or government subsidies for this course?

Yes, please use the [funding calculator tool](#) to check your funding eligibility.

How do I sign up?

Simply [click here to sign up](#) for this course via the online course registration form.

Once we have received your registration details and payment, we will send you instructions on how to apply/claim funding (if eligible) via email.

Upon completion of payment and funding applications, your seat will be confirmed and we will see you in class!
