

Digital Transformation - Marketing Strategy

Transform Your Organisation Through AI-Driven
Technological Advancements

Course Description

Understanding and implementing digital transformation becomes crucial for marketing success as the digital landscape evolves. The course is tailored for marketing professionals, business leaders, and individuals eager to refine their digital strategies.

Spanning three comprehensive learning units, participants will gain insights into the essentials of digital transformation, discover how to develop advanced digital marketing strategies, and learn the steps to implement a digital transformation plan effectively.

This course covers the critical aspects of leveraging technology and AI in marketing, from utilising digital marketing tools to developing marketing scorecards and action plans to enhance online presence, engagement, and conversion.

Equip yourself with the skills to drive innovation and lead digital initiatives in your organisation.

Course Duration

2 Days
9am to 6pm

Learning Mode

Face-to-Face Classroom or
Online-Based Classroom (Zoom)

\$588.00 (incl. 9% GST)

Target Audience

- Marketing executives and managers seeking to lead digital marketing transformation efforts in their organisations.
- Business owners and entrepreneurs looking to enhance their digital marketing effectiveness.
- Digital marketing professionals aiming to broaden their expertise in digital strategies.
- Individuals interested in understanding how digital transformation impacts marketing and business growth.

Frequently Asked Questions

Who is this course designed for?

This course is perfect for marketing managers, digital marketing practitioners, business owners, and anyone keen on transforming their marketing strategies to leverage the latest digital technology, trends and AI tools.

What outcomes can I expect from this course?

You will learn to strategise and implement digital transformation initiatives, utilise contemporary digital marketing tools, and adapt to the changing digital marketing environment to achieve business objectives.

Are practical exercises included in the course?

Yes, the course includes interactive discussions, case studies, and practical exercises to apply theoretical knowledge to real-world scenarios, enhancing learning outcomes.

Frequently Asked Questions

Are there any pre-requisites or minimum entry requirements?

No specific prerequisites are required, but a basic understanding of marketing principles and digital strategies would be beneficial. The course is structured to accommodate both beginners and experienced professionals.

Do I have to prepare anything before attending the course?

For in-person training, do bring along a laptop. You also have the option to loan a laptop from us for the duration of the course. You may also want to bring along a jacket in case the room gets cold.

For online classes, do ensure you have a functional laptop and have Zoom installed prior to class.

If I have any questions after the course, can I consult the trainer?

Yes, you may contact your trainer after the course. There are other post-training support channels such as the Insider Community where you may network with like-minded individuals and industry experts and live Post-Training Mentoring sessions where you may seek advice from a subject matter expert.
